

CONTACT LENS EXAMINATIONS AND FEES

Contact Lens Annual Examination

This examination includes: evaluation of the health of your eyes with contact lenses on, reassess the fit and movement of your contact lenses, updates your prescription as required, and the education to keep you wearing contact lenses successfully.

- \$48.50 - \$75.00

Contact Lens Refitting Examination

If our doctors have not prescribed contact lenses for you in the past or type of contact lenses is needed this examination is necessary for them to evaluate the health of your eyes with contact lenses on. It also reassesses the fit and movement of your contact lenses, updates your prescription as required, and educates you on successful contact lens wear.

- \$75.00-259.00

Initial Contact Lens Examination

This exam will include contact lens training on insertion, removal, and the instruction on care for your contact lenses. It will allow doctors to evaluate the health of your eye with contact lenses on, assess the fit and movement of your contact lenses, and educate you on successful contact lens wear.

- \$137.00 - \$259.00

Do you elect to have a contact lens examination?

- Yes
- No

A contact lens examination and evaluation is medically necessary and required in order to obtain or renew your contact lens prescription. All contact lens professional service fees are **non-refundable** even if not successful and **payment is due at the time of service**. A 30 day period of follow-up care is included. All follow-up visits to finalize your prescription will need to be done within this timeframe or additional fees will be assessed.

The contact lens prescription will not be released until full payment is received, only after all prescribed follow-ups have been completed, and you have finalized your contact trials. Our office requires a medical and refractive eye examination to be completed prior to being fit with any contact lenses. This is to assure that there is not an underlying or unsuspected condition that may prevent successful and healthy contact lens wear. Unless contact lenses coverage is not specifically noted in your insurance plan, your insurance will not cover this service or the above fee. Please note: the above fee does not include the cost of contact lenses. Contact lenses may be returned if the original packaging is not opened or written upon within two months of purchase. Contact lenses that are custom ordered are non-refundable. **My eye care professional will also provide me with a copy of my prescription after my elective contact lens examination.**

By signing below, I understand and agree to the above contact lens professional services and fees.
